RFID Wristband Fit

Our RFID Wristbands combines the RFID technology with good looking and practical housings. They can be used like a wrist watch and have a sealed electronic unit and are waterproof. A special feature of the RFID Wristband FIT is the coloured Nylon band with robust metal closure. The band is available in 5 different colours. On the glossy white cover of the FIT housing it is possible to have a customer logo printed and / or a unique laser engraved number.

Applications:

- Access Control
